I had a good experience with Inspirus. The most useful tool provided to me was their online platform which I could access at any time. It was also good to connect with other students during the social events.

I am extremely grateful for Inspirus to help me reach where I am today and achieve my dreams. Special thanks to Abhinav Sir for responding to me even at odd hours at night and Inspirus in helping me perfect my SOP and being there for every step of the way. This would not have been possible without you. Thank you for everything.
